Based on feedback from League players last season, we have updated the rules for the 2026 League! For 2026, Pineland Farms Summer League (PFSL) will be a 14-week season played on the Patriot, Minuteman and Commander courses culminating in a championship finals bracket.

Players will accumulate points based on their finish (attendance, ACE, and CTP's) each week of the regular season to determine their placement for the finals bracket and/or secure a share of the season finals payout. **This league will have 2 tiers: Tier A Tier B** which will be determined after the first week of play based on scores. All players regardless of Tier level will play the same course each week.

*There will be some movement each week between the players on the shoulder of each Tier – so be sure to check your Tier status before heading out on the course! **AFTER week 7**, there will be no further movement of league players. **Each League player will remain in either Tier A or B based on their average score through week 7.***

Each week, League directors will post the updated standings which will indicate which Tier each league player is in. The league players may move up or down between the Tiers each week based on their average scores. The tiers will be determined by their Average Score during the League, and divided evenly across the 2 Tiers. **PFSL will have different CTP's for each Tier** – allowing for a more widespread distribution of prizes.

Before playing the first week, players must check in at the Market, and complete League paperwork.

Players must check in weekly and pay the League fees before playing their round each week. As an incentive for league members to play their rounds on Monday, PFSL will have a raffle for those players participating on Mondays. [Raffle details on page 6.](#)

If you're new to the sport or new to the area and are looking for others to play a round with; simply show up at Pineland Market on Monday afternoons at 4:30 to get placed on a card.

This document outlines the principles governing the League. Membership is open to all individuals in agreement with the purposes of this league.

Those participating must sign the league rules and agree to all rules on their first week of participation.

LEAGUE FINALS & MONEY DISTRIBUTION

- There will be separate Ace pots for each Tier.
- Ace pot will correspond to the Tier that the League player is playing for that week.
- Ace pot can be split multiple times and is awarded the following league week.
- If an ace is hit on Monday, then all added money for the rest of the week is theirs to win. If someone hits an ace any day of the same league week the full ace pot is split 50/50.
- ACE POT money will be handed out at the beginning of the next league week. This allows for all players to have a chance to play for the pot, subsequently making it higher when rewarded.
- If no Ace is hit this season, or the ace pot still has cash in it at the beginning of the playoffs there will be an Ace throw-off on a hole, to be determined, on the final Monday night of the summer league. **Only those players who still qualify as a league member (10 Attendance points) will be eligible.** We will throw until an ace is recorded.
- Finals will be a single elimination **match play**. If there is a tie after 18 holes, play will continue starting with hole 1 until one player has the lowest score on a hole.
- Higher seed is on top of the card
- A bracket for finals **for each tier** will be made up of league players that have qualified for finals.
- Brackets will be made after the final week of the regular season is complete.
- After the season has concluded, the top 4 finishers in the regular season (**per tier**), based on overall POINTS will receive money based on their standing. 20% of the final's money will be dispersed to the top 4 based on the PDGA payouts. 1st- 41%, 2nd-26%, 3rd-19%, 4th-14%.

- The remaining 80% is split amongst the top 4 Players (per tier) based off bracket style playoff, using the same percentages as listed above (1st-41%,2nd-26%,3rd-19%,4th-14%).
