- Water and Sunscreen for sale.
- Portable Toilets & Hand Washing Stations.
- Picnic Tables

Bringing Kids?

If planning on using a stroller or wagon, know that you might have to walk quite a bit to get to the picking location, and you'll need a good way to transport your strawberries.

Covid-19 Statement:

"If your sick, please don't pick!"

Please practice social distancing and follow CDC guidelines while picking. There is plenty of space in the fields to keep your distance. If you have any signs of illness beyond seasonal allergies please stay home. As a wholesale farm we discourage signs of illness from entering the fields for food safety, this year especially. Let's keep the germs at home.
