# Helpful Trail Information

## Trail Conditions

Always check conditions before heading out on the trails!  
[www.PinelandFarms.org/recreation/trail-conditions](http://www.PinelandFarms.org/recreation/trail-conditions)

## Spring, Summer, Fall

Follow trails in any direction. Open to hiking, biking, running, walking, orienteering, and sightseeing. Expect rolling terrain with graded 12-16 feet wide trails. Hiking is free, passes required for biking and orienteering.

## Winter

For your safety, **this is a one-way trail network**. Please ski in the designated direction. Snowshoers and Fat Bikers should use snowshoe trails, not groomed ski trails, and should give way to skiers. Ski trails are groomed and tracked for skate skiing and classic skiing, when conditions warrant. Passes are required.

Difficulty levels vary not only from trail to trail but also in changing weather conditions. Please keep in mind that new snow, ice, and other conditions can make easier trails more difficult. A skiers physical condition and equipment can also affect the difficulty.

## Day & Season Passes

Purchase passes online or at the Outdoor & Fitness Center  
<https://shop.pinelandfarms.org/collections/all-recreation-passes-activities>

## Trail Etiquette/Safety

Please obey all trail signs and closures and respect others.  
<https://pinelandfarms.org/trail-etiquette-safety/>

PLEASE REMEMBER THAT COMMON SENSE AND PERSONAL AWARENESS CAN HELP REDUCE THE ELEMENT OF RISK THAT SKIING AND OTHER OUTDOOR ACTIVITIES INVOLVE.
